Quiz #1 of Web Technologies, SP25, Mar. 4, 2025 **[10 Marks]**

Reg. ID, Name, Section _____, _____, _____

CLO 2: <*Demonstrate the capabilities for developing professional front-end using client-side technologies.*>

Question 1: Consider below CSS and HTML code:

```
<style>
.container {
  display: flex;
  width: 500px;
}

.card1 {
  flex-basis: 0px;
  flex-grow: 1;
  padding: 10px;
  border: 5px solid black;
  box-sizing: border-box;
}

.card2 {
  flex-basis: 200px;
  flex-grow: 2;
  padding: 20px;
  border: 10px solid black;
  box-sizing: border-box;
}
</style>

<div class="container">
      <div class="card1">ABC</div>
      <div class="card2">XYZ</div>
</div>
```

Calculate and provide the **final width** (in pixels) of **card1** and **card2** after flex-grow is applied.

<u>Answer:</u>

Card 1 width: _____ px

Card 2 width: _____ px
